Notice to Investors

The term "Aadhar" used in the name of the issuer, "Aadhar Housing Finance Limited" has no relation or connection with the Government of India or Unique Identification Authority of India's "Aadhaar" and should not be confused with the same.

Corrigendum: Notice to Investors

This is with reference to the DRHP filed with the Securities and Exchange Board of India on January 24, 2021 in relation to the proposed initial public offer of Aadhar Housing Finance Limited (the "Company"). Attention of investors is drawn to the following: In order to avoid any confusion arising from the usage of the term "affordable housing" in DRHP, the term "affordable housing" and "affordable housing company" wherever used in context of the Company or its peers, shall be changed to "HFC focused on the low income housing segment" throughout the DRHP.

"HFC focused on the low income housing segment" shall be defined as "Housing finance companies having focus on economic weaker section and low income group segment and high share of housing loans with ticket size (at the time of disbursement) less than ₹1.5 million in their portfolio as listed out in "Industry Overview" beginning on page 92 of the DRHP".

We will carry out resultant changes throughout the DRHP including the "Risk Factors" beginning on page 25 of the DRHP section, as illustrated in the examples provided below:

1. Page 27 of the DRHP (Risk Factor 3)

Our liquidity may be affected by the COVID-19 pandemic which may impact our ability to continue to operate and grow our business.

There is no guarantee that we and the Indian financial services industry in general, notwithstanding measures taken by the government, will be able to maintain sufficient liquidity given the uncertain scope and duration of the COVID-19 outbreak. We fund substantially all of the loans through borrowings under our various funding facilities. Given the broad impact of COVID-19 on the financial markets, our ability to borrow money to fund our current and future customer demand is uncertain. Our liquidity could also be affected as our lenders reassess their exposure to HFCs or HFC focused on the low income housing segment (ticket size less than ₹1.5 million) and either curtail access to lending facilities or impose higher costs to access such facilities. Our liquidity may be further constrained as there may be less demand by investors to acquire our loans in the secondary market. Even if such demand exists, we face a higher risk as a result of the COVID-19 pandemic stemming from our customers inability to repay the underlying loans. Further, if as a consequence of COVID-19, certain banks or HFCs are unable to meet their market commitments, this can impact investor confidence in HFCs generally and result in a loss to investors in the HFCs. A liquidity shortage for the industry as a whole may also adversely impact our short to medium term cash flows.

2. Page 34 of the DRHP (Risk Factor 17)

Prohibition on HFCs focused on the low income housing segment such as our Company from offering credit enhancements in any form and liquidity facilities in the case of loan transfers through direct assignment of cash flows.

3. Page 43 of the DRHP (Risk Factor 47)

We operate in a highly competitive industry in India and we compete with banks, other HFCs focused on the low income housing segment HFCs, small finance banks and NBFCs in each of the geographies in which we operate.

HOUSING FINANCE MARKET FOCUSING ON LOW INCOME HOUSING SEGMENT IN INDIA

Overview of housing finance market focusing on low income housing segment

India's mortgage market can broadly be divided into two segments by ticket size of the housing loan at the time of disbursement - loans with ticket size of more than ₹15 lakhs, and loans with ticket size of ₹15 lakhs and below. The former can be called normal mortgage market, which is prominent in the metro/urban areas, and the latter which generally includes houses in the outskirts of these areas and semi-urban and rural areas can be defined as housing finance market focusing on low income housing segment.

CRISIL has defined housing loans with ticket size greater than ₹15 lakhs as normal housing loans, and loans with ticket size lower than ₹15 lakhs are referred to as housing loans focusing on low income housing segment.

The overall size of the housing finance market focusing on low income housing segment in India was around ₹4 trillion as of March 2020, constituting a tad under one-fifth of the housing finance industry.

Analysis of housing finance companies based on book size

CRISIL Research has analysed the variation in performance of HFCs on the basis of assets under management (including home loans, loan against property, developer loans and any other loans by the HFC) as well as focus segment in terms of ticket size.

Accordingly, the HFCs have been classified as large HFCs, medium HFCs, small HFCs, and mini HFCs based on the book size of the company.

HFCs have also been classified as HFCs focused on low income housing segment, based on higher share of housing loans with ticket size less than ₹1.5 million in their portfolio. According to CIBL data, the entities included in our analysis together account for ~97% of the outstanding retail home loans given by HFCs as on March 2020.

As a result, we have the most geographically diversified AUM as compared to our competitors. (Source: CRISIL)

However, certain portions of the DRHP discuss the affordable housing scheme of the Government of India, which will remain as-is. For example, the below discussion in the Industry Overview section discusses the Government of India's initiatives in the affordable housing segment:

"Thrust on affordable housing

Government initiatives have prompted developers to explore affordable housing as a new area. Going ahead, about half of the incremental supply being added in urban stock is expected to be via affordable housing. Additionally, the formalisation of the industry is likely to bring in more transparency, leading to an increase in consumer demand.

In a major relief to the real estate sector, the government has extended the timelines of RERA projects by six months. Further, in affordable housing, it has extended the deadline to March 31, 2021, for first-time homebuyers to avail of an additional ₹150,000 interest deduction on home loans."

The DRHP shall be read in conjunction with this Corrigendum. The information in this Corrigendum supersedes the information in the DRHP to the extent inconsistent with the information in the DRHP.

All capitalized terms used herein and not specifically defined shall have the same meaning as ascribed to them in the DRHP.
