1. Market Environment:

2

FY18 was a very good year for the equity markets as the Sensex notched gains of 11.30% for the fiscal, with Midcap and Smallcap indices outperforming the Sensex. Markets fared well in the April to December period, but came under pressure during the January-March quarter due to a host of negative events such as a) Introduction of LTCG Tax on equity @ 10%, b) Unexpected deviation from fiscal consolidation path, c) Perceived weakening of the ruling government after defeat in bypolls, d) Negative global cues from heightened geo-political wrangles, e) Rise in global bond yields, including in India, f) Resurgence of fraud in banking sector and sticky NPAs, g) Volatile FIIs inflows consequent to central bank liquidity tap running dry, h) High crude prices and i) Emergence of trade tensions and rise in protectionism and j) High valuations in Midcap and Smallcap space. The Sensex shed 3.2% in the March quarter.

In addition to the foreign fund flows, the rally in Indian equities in FY18 has been fed by strong liquidity support from domestic investors. The DIIs have been net buyers throughout the current financial year. The cumulative net investment during FY18 has been Rs.1,14,144 Cr., whereas FIIs have net invested Rs.24,496 Cr. during in this period despite a patchy Q3FY18.

On the macroeconomic front, India's industrial production continued to record high growth during the year. Inflation has come off in recent months after tipping the scales at a high of 5.2% during the year. Government securities (G-Sec) yields had a roller-coaster ride. From 6.8% levels in mid-August the 10-year G-Sec yield hit 7.7% but mellowed down to end FY18 at 7.4% after the government announced a rejig in its FY19 borrowing program.

As we step into FY19, there are challenges to overcome before the indices regain lost ground. Several headwinds like political uncertainties, upcoming monetary policy tightening, swirling global trade issues, and earnings stalemate amidst banks' provisioning scale-up exist. Key triggers for Indian markets in FY19 could be base-effect, seasonal GST uptick and Infra push emanating from sizeable ordering activity by the government on rails and roads. Meanwhile, political developments will continue to occupy centre-stage as outcomes of large state elections like Karnataka, Rajasthan and Madhya Pradesh will exacerbate sentiments attached to policy stability.

We submit below a brief summary of the financial highlights for the FY 2017-18: (Rs. in Cr)

Particulars	2017-18	2016-17
Total Income	357.56	250.35
Expenses	257.12	226.83
Profit Before Tax	100.44	23.52
Profit after Tax	75.60	26.06

2. Operations:

i) Institution Broking:

The company continues to build on the transformational initiatives that were implemented last year. Sector conferences, company road-shows, and expert series events were held during the year to broaden and deepen client relationships. The impact of the initiatives undertaken is registering with our clients. The market share decline witnessed over FY14-17 has been arrested and our market share has gone up by 33.12% in FY18. Important investment banking mandates have been executed and a strong build-up in deal driven sales has been successfully implemented.

The company also actively pursued greater FII client wins this year and though a successful beginning has been made the build-up of an active FII franchise is a multi-year process. We are seeing some progress in overseas accounts with a few clients empaneling with us and initial hard dollar-based payments coming in from some clients. While there is considerable uncertainty regarding regulatory changes such as MIFID II in Europe, our endeavors to expand our research distribution in these geographies will eventually bear fruit.

Our Institutional Equities platform is shaping up on the back of high quality research, differentiated corporate access, and deep sales coverage. The basic DNA in terms of people, culture and processes is in place and we are geared to increase our share in the market place.

ii) Retail Broking:

Retail Broking brokerage revenue grew by 33% year on year in 2017-18. With the ongoing focus on acquiring quality retail clients, we have added over 2,50,000 new accounts to the client base in FY 2017-18, a year on year growth of 31% over the previous financial year; 97% of accounts sourced are subscription based or paid accounts.

Equity and Currency Derivative volumes accelerated throughout FY 2017-18. Turnover from derivative segment almost doubled in 2017-18.

Following are some of the initiatives introduced during the year to scale up revenue and improve client engagement:

- 1. In our push to digitize products and processes, digital account opening mobile app for our relationship managers was introduced. This app succeeded in reducing the large amount of paperwork required in the conventional account opening process and made client onboarding a seamless experience both from the clients' as well as sales staffs' perspective.
- 2. Introduced Portfolio Tracker on our online trading platform where clients can now get complete 360 degree view of their investments with SSL and track all the asset classes at a glance.
- 3. Integrated Portfolio tracker integrated with SBI's flagship YONO app to give clients a seamless experience across the investment journey.
- 4. Advanced Intraday charting tool made available on our desktop based trading platform "SBISmart Express" to empower the trading experience.
- 5. BSE Star MF was launched on SBISMART platform, making mutual fund investment execution simpler and faster. It also enabled mutual fund unit allotment in Demat format.
- 6. For seamless buyback experience, we have introduced Online Buyback facility used for self as well as dealer assisted online buyback of shares. More than 5,000 customers have availed this facility and avoided the inconvenience of paper buy-back formality.

iii) Retail Investments & Services (Formerly Sales & Distribution):

- 1. The vertical's contribution to the company's operating profit almost doubled during the year. There is a growth of 81% as compared to the last financial year.
- 2. Stellar performance was witnessed in distribution of the following financial products.
- a. GOI bonds distribution was 90% in 2017-18 as compared to the previous year.
- b. Highest ever mobilization of Capital Gain Bonds Growth of 57%
- c. The fresh SIP book grew by 33%
- 3. The Average Revenue Contribution Per employee to Top-line stood at Rs 94 lac & to the bottom-line it was at Rs 17 lac.

Business diversified and scaled up, with the introduction of new products

- 1. Introduction of seamless online process for clients to open instant NPS account and to make online contribution to the account.
- 2. Enabling online clients access to BSE Star platform for seamless buying and selling of units of mutual funds.
- 3. Bundling SIP through NACH mandate with DP and Trading account opening process was implemented.
- 4. A Corporate Agent (open Architecture) Tie-up initiated with a third life insurance company for marketing their products and enhancing life insurance business.
- 5. Detailed Focus on building Annuity products portfolio including Life & Non Life Insurance.

iv) Home Loan:

- Logged Rs.12,307 Cr. with sanction of Rs.8,140 Cr. Disbursement during Apr to Mar 18 was Rs.7,886 Cr. as against Rs.3,715 Cr. for Apr to Mar 17, an increase of 112%.
- Number of locations has been increased from 14 in March 2017 to 25 in Mar 2018. Staff strength has gone up from 600 in March'17 to in 1,331 in Mar'18 with another 65 new staff issued offer letters and set to join soon.
- Several RE initiatives like setting of Real estate advisory are being worked out.

v) Auto Loan:

- Disbursement during Apr 17 to Mar 18 was Rs.4,771.47 Cr. as against Rs.1,995.27 Cr. for Apr 16 to Mar 17, an increase of 139%.
- Number of locations was increased from 15 in Mar 2017 to 93 in Mar 2018.

vi) Debt:

- During FY 18, we have successfully executed the first Municipal Bond issue in India for Pune Municipal Corporation. This was followed by second Municipal Bond issue for Greater Hyderabad Municipal Corporation. Incidentally, there were only two Municipal Bond issues during FY 18 and SBICAP was the sole arranger for both the issuances.
- During FY 18 we had placed SBI Basel 3 AT 1 issuance @ 8.15% with 21 investors in primary itself. This was unique as SBI was doing the first deal in the Electronic bidding platform & the spread was lowest over GSEC at 152 bps as compared to 189 bps to the first issuance. This was the lowest coupon by any bank in the domestic market for Basel 3 AT 1 @ 8.15%.
- We have improved our prime ranking to 6 v/s 8 & also in the Bloomberg league tables to 3 v/s 2.

3. Financial Results:

Total income during the year stood at Rs.357.56 Cr., showing a 43% increase over the previous year. Total expenses during the same period rose by 13%. The PBT for the year was Rs.100.44 Cr. against a profit of Rs.23.52 Cr. in FY 2017. PBT growth was mainly on account of increased revenue and control on cost. Retail Broking and Sales & Distribution have witnessed stellar growth in FY 2018, contributing to both topline and bottomline of the Company.

Your Company expects to continue to generate higher earnings in the coming years. Large increases in manpower and other expenses are envisaged in the next financial year to ramp up revenue in Retail and Sales & Distribution verticals. These investments are expected to yield rich dividends from next year.

4. Share Capital:

The present Authorized Share capital of the Company is Rs.250,00,00,000 divided into 25,00,00,000 Equity Shares of Rs.10/- each. The present Issued, Subscribed and paid-up Share Capital of the Company is Rs.96,87,50,000 divided into 9,68,75,000 Equity Shares of Rs.10/- each.

During the financial year ended on March 31, 2018 the Company has not issued any securities.

5. Dividend:

No dividend is proposed by the Board of Directors of the Company for FY 2017-18.

6. Transfer to Reserves:

The Company has not transferred any amount to General Reserve in FY 2017-18.

1. Corporate Philosophy

Corporate Social Responsibility (CSR) is the continuing commitment by business to behave ethically and contribute to economic development while improving the quality of life of the workforce and their families as well as of the local community and society at large. Businesses derive their primary benefits from operating in society and no business can function without caring for society and community development. We understand that as a Corporate Citizen with resources at our command, it is our solemn duty to reach out and support the less fortunate and underprivileged sections of our society. The Company also encourages its staff members to actively follow, understand and contribute to social causes, to remove indisputable social and developmental lacunae and to promote self and community development.

2. Role of the Board

SSL, being governed by the rules of The Companies Act, 2013, our CSR policy & program is aligned with Section 135 of the Act (*The related definitions & clauses with respect to Sec 135 are appended in Annexure A*).

As such, the SSL Board shall constitute a CSR Committee consisting of three or more Directors, out of which, at least one Director shall be an Independent Director, as mandated by the Act.

The Board shall additionally oversee the below;

- a) After taking into account the recommendations made by the Corporate Social Responsibility Committee (as constituted above), approve the Corporate Social Responsibility Policy for the company and disclose the contents of such Policy in its report and also place it on the company's website www.sbismart.com, in such manner as may be prescribed;
- b) Ensure that the activities included in the CSR Policy are in compliance with the activities in Schedule VII of the Act;
- c) Ensure that the activities as are included in Corporate Social Responsibility Policy of the company are undertaken by the company; and
- d) If the company fails to spend the said amount, disclose reasons for not spending such amount, in its report under clause (o) of sub section (3) of Section 134, of The Companies Act, 2013.

3. Role of the CSR Committee

The Corporate Social Responsibility (CSR) Committee constituted by the SSL Board shall have the following terms of reference:

- To formulate, review and recommend to the Board a CSR Policy which shall indicate the activities to be undertaken by the Company
- b) To review and recommend the amount of expenditure to be incurred on the activities referred to in clause (a);
- c) To monitor the CSR Policy of the Company from time to time;
- d) To institute a transparent monitoring mechanism for implementation of the CSR projects or programs or activities undertaken by the company;
- e) Any other matter as the CSR Committee may deem appropriate after approval of the Board of Directors or as may be directed by the Board of Directors from time to time.

4. Constitution of the CSR Working Group (CWG)

For planning, implementation, monitoring & reporting of the Company's CSR Policy and its objectives, a CSR Working Group (CWG) comprising the Managing Director, Whole-Time Director & CFO, CRO, Head HR and other members as may be nominated by MD will be formed. The CWG will run the Company's CSR policy in accordance with the set objectives & focus areas. The WTD & CFO will be the nodal officer for all activities.

5. Role of the CSR Working Group (CWG)

The CSR Working Group (CWG), as constituted above, will perform the below functions:

- Draft a CSR Strategy document for the corresponding financial year that will identify the broad areas of work, the activities to be undertaken by the Company in the selected areas and the budget to be spent on them. The CSR Strategy document will be updated every corresponding financial year to reflect the Company's focus areas and CSR budget for the year.
- b) CWG will present and take approval for areas of work and corresponding estimates on expenditure planned for the full financial year from the CSR Committee at the beginning of every financial year.
- c) The CWG will be responsible for designing, developing, executing and monitoring the projects in the short listed focus areas of the Company's CSR Policy and as approved by the CSR Committee.
- d) The CWG shall prepare an overview document for every project that it propose to undertake including but not limited to activity definition, expected local impact areas, budgeted investments, expected benefits (Re value wherever possible) and success parameters.
- e) The CWG will take decisions on day to day activities of the CSR activities.
- f) The CWG will be responsible for periodic reporting of the activities to the CSR Committee as per the reporting format outlined in Section 12 or in any format as desired by the CSR Committee.
- g) Accounting guidelines and Audit process (Internal / external) will be as per the guidelines laid down in the Companies Act, 2013 and in accordance with approved business processes and policies.

6. CSR Budget & Delegation of Powers

As enshrined under Sec 135 of The Companies Act, 2013. SSL's budget in pursuance of its Corporate Social Responsibility Policy will be, but not restricted to, at least two percent of the average net profits made by the company during the three immediately preceding financial years.

The CSR Budget for the corresponding financial year, will be updated, with due consideration, in the CSR Strategy document & revised each financial year.

All CSR initiatives, screened & shortlisted by the CWG, will be put up for approvals to the competent authority. The Delegation of Powers, with respect to financial approvals pertaining to CSR Projects, will be as listed below:

Sr. No.	Designation Sanction Amount		Reporting

THE INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SBICAP SECURITIES LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of SBICAP Securities Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Companies (Accounts) Rules, 2014. This responsibility also includes Rule the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

38

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

ANNEXURE- A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF SBICAP SECURITIES LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of SBICAP Securities Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

42

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

As per our report of even date attached

1. Corporate information

SBICAP Securities Ltd ('the Company') is a wholly-owned subsidiary of SBI Capital Markets Ltd., incorporated in 2005. It is a member of the two premier stock exchanges of India, the National Stock Exchange of India Ltd and Bombay Stock Exchange Ltd. The Company is engaged in the business of broking (retail and institutional) and third party distribution of financial products.

2. Basis of preparation of financial statements

Basic of accounting convention: The financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. These financial statements have been prepared to comply in all material aspects with the accounting standards specified under Section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, other pronouncements of the Institute of Chartered Accountants of India (ICAI), and with the relevant provisions of the Companies Act, 2013

Classification of assets and liabilities: All assets and liabilities have been classified and disclosed as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the delivery of service and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

2.1 Summary of significant accounting policies

a. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Although these estimates and assumptions are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements, actual results could differ from these estimates and assumptions. Adjustments, if any, are recognised prospectively.

b. Inventories

The securities acquired with the intention of holding for short-term and trading are classified as stock-in-trade. The securities held as stock-in-trade are valued at lower of cost arrived at on first-in first-out (FIFO) basis or marketable fair value.

c. Property, Plant and Equipment and depreciation

Property, Plant and Equipment are stated at cost of acquisition or construction, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase price and directly attributable costs of bringing the asset to its working condition for its intended use.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future benefit from the existing asset.

Items of tangible assets that have been retired from active use and are held for disposal are stated at lower of their net book value and net realisable value and are shown separately in the financial statements. Any expected loss is recognized immediately in the Statement of Profit and Loss.

Gains or losses arising from disposal of Property, Plant and Equipment are measured as the difference between the net sale proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is disposed.

Capital work-in-progress comprises of cost of tangible assets that are not yet ready for their intended use as at the balance sheet date.

Depreciation is provided over the Useful Life of the Property, Plant and Equipment as prescribed in Part C of Schedule II to the Companies Act, 2013 except in case of mobile phones forming part of office equipments and servers forming part of computers wherein the management estimates the useful life to be lower, i.e., 3 years, based on technical evaluation. The estimated useful life of all tangible assets as stipulated by Schedule II to the Companies Act, 2013 and adopted by the management for various block of assets are as under:

Description of assets	Useful Life in years	Method of Depreciation
Office Equipments	5	WDV
Furniture & Fixtures	10	WDV
Computers	3	SLM
Vehicle	8	WDV

Depreciation on additions/disposals of Property, Plant and Equipment during the year has been provided on a prorata basis from the date of such additions/disposals. Assets individually costing Rs. 5000/- or less are depreciated fully in the year when they are put to use.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful life of 3 years.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Improvements to leasehold premises are depreciated on a straight-line basis over the primary lease period.

d. Impairment of tangible and intangible assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised in accordance with Accounting Standard 28 on Impairment of Assets, wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life and the reduction is recognized as an impairment loss in the Statement of Profit and Loss.

e. Cash and Bank balances

Cash and Bank balances in the balance sheet comprises of cash at bank and in hand and term deposits.

f. Investments

Investments which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

g. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria have been followed before revenue is recognised.

Brokerage income: Brokerage income in relation to stock broking activity is recognised on the trade date of transaction and includes stamp duty, transaction charges and is net of scheme incentives paid. Amounts receivable from and payable to clients/stock exchanges for broking transactions are disclosed separately as trades executed but not settled.

Selling & Distribution commission: Commission relating to public issues is accounted for on finalization of allotment of the public issue/receipt of information from intermediary. Brokerage Income relating to public issues / mutual fund / other securities is accounted for based on mobilisation and intimation received from clients / intermediaries.

Depository Income: Annual Maintenance Charges are recognised on accrual basis and transaction charges are recognised on trade date of transaction.

Other Income: Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

h. Foreign currency transactions

Initial Recognition: On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent recognition: As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined. All monetary assets and liabilities in foreign currency are restated at the end of

All monetary assets and liabilities in foreign currency are restated at the end of accounting period.

Exchange Differences: Exchange differences on restatement of all other monetary items are recognised in the Statement of Profit and Loss.

i. Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The Company has no obligation, other than the contribution payable to the provident fund.

The Company operates a gratuity plan for its employees, which is a defined benefit plan. The costs of providing benefits under this plan are determined on the basis of actuarial valuation at each year-end, using the projected unit credit method. Actuarial gains and losses are recognised in full in the period in which they occur in the statement of profit and loss.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

j. Segment reporting

The Company's primary business segments are reflected based on the principal business carried out, i.e. share and stock broking on the National Stock Exchange of India Limited, Bombay Stock Exchange Limited and other related ancillary services and third party distribution of financial products.

The risk and returns of the business of the Company is neither associated with geographical segmentation nor the clients of the Company are grouped geographically.

k. Operating Leases

Lease arrangements where the lessor effectively retains substantially all the risks and the benefits of ownership of the leased term are classified as operating leases. Operating lease expenses are recognised in the Statement of profit and loss on a straight line basis over the lease term.

l. Earning per share

52

Basic and diluted earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by weighted average number of equity shares outstanding during the period.

m. Current and Deferred Tax

Current tax: Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Deferred tax: Deferred tax is recognised for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. However, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Deferred tax assets are reassessed for the appropriateness of their respective carrying values at each balance sheet date.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the Company re-assesses unrecognised deferred tax assets, if any.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

n. Provisions and Contingent Liabilities

Provision: A provision is recognised when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities: A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

31. a) Gratuity

The Company has a defined benefit gratuity plan. Under this plan, every employee who has completed atleast five years of service gets a gratuity on departure at the rate of 15 days of last drawn salary for each completed year of service. The scheme is funded with an insurance company in the form of qualifying insurance policy.

The following tables summarise the components of net benefit expense recognised in the statement of profit and loss, the funded status and amounts recognised in the balance sheet, as per Actuarial Valuation Report which has been relied upon by the Auditors.

The overall expected rate of return on assets is determined based on the market prices prevailing at the beginning of the period, applicable to the period over which the obligation is to be settled.

The principal assumptions used in determining gratuity obligation for the Company's plan are shown below:

Changes in the fair value of plan assets are as follows:

Discount rate
Expected rate of return on assets
Employee turnover
Increase in compensation cost

March 31, 2018	March 31, 2017
7.15% p.a	6.85% p.a
8.00% p.a	8.00% p.a
27.00% p.a	26.00% p.a
8.00% p.a	8.00% p.a

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Amounts for the current and previous four periods are as follows:

	March 31, 2018	March 31, 2017	March 31, 2016	March 31, 2015	March 31, 2014
